AFFIDAVIT

I, Linda Jean Hoggarth, formerly known as Linda Jean Cochran, hereby state that
I have been an employee of BASF Corporation since October 1, 1992 as a member of the
Legal Department. I am responsible for the Maintenance Fees for this office.

On June 29, 2001, I mailed a list of U.S. Maintenance Fees to be paid to the
Commissioner of Patents and Trademarks, Box M. Fee, Washington, DC 20231. Item
No. 9 on said list named U.S. Patent No. 5,276,208 for payment.

On July 27, 2001, I received a Notice of Non-Acceptance of Patent Maintenance
Fee signed by Karen Bowman in the Maintenance Fee Division indicating that the above-
referenced patent, U.S. 5,276,208, had been reissued as REI 37,208 and that the reissue
patent and serial number needed to be provided in order to complete the maintenance fee

requirements. I subsequently telephoned the Maintenance Fee Division and spoke to a Customer Service Representative and gave this individual the information over the phone. I was informed that the matter was taken care of and no additional steps would be required to ensure payment of the maintenance fee for the subject patent.

On September 20, 2002, I received an urgent telefax from our parent company BASF AG, owner of the subject patent, indicating that they had received a Maintenance Fee Reminder for said patent. I immediately contacted the Maintenance Fee Division and explained the situation. I was transferred to a Frank Lebron in Finance, who told me that although the payment had not been recorded, it showed that the next window to pay the maintenance fee was July 2005, which would give an indication that a payment had been recorded, yet the patent had expired.

I have since attempted to telephone Mr. Lebron a number of times and have left three (3) phone mail messages and my phone calls have not been returned.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the patent.
